Dear Colleagues and Friends

It is a pleasure and an honor for Ragheb Harb University Hospital to extend to you a warm invitation to attend the "Firearm Injury Management: What's New?"

Which will be held in collaboration with International Committee of the Red Cross - ICRC on January 16th 2021 via zoom application.

The "Firearm Injury Management: What's New?" Conference welcomes surgeons and other medical specialty physicians to discuss current trends in firearm injury diagnosis, treatment and management.

This conference includes strategic sessions covering prehospital management, golden time in dealing with injuries, special consideration, what's new, dangerous bacteria and our experience in Ragheb Harb University Hospital.

The major aim is to update physician's knowledge in order to improve patients' care and management.
